Orting Middle School is a school where all students and staff feel safe, seen, and welcome. OMS students are engaged in rigorous, meaningful tasks which motivate them to make personal connections to the content and utilize the learning beyond the classroom. Every student is inspired to create a better present and future!

ORTING MIDDLE SCHOOL – HOME OF THE FALCONS!

Welcome to Orting Middle School, where our mission is to ensure that each student experiences high levels of learning in an environment where they feel safe, seen, and welcome. We are proud of the programs that we offer our students and we encourage each of you to make the most of your time with us.

To achieve our mission, it is our collective responsibility to provide a safe and welcoming learning environment. This handbook contains the guidelines and interventions to ensure that a safe and productive school environment is in place for all students. These guidelines apply immediately before, during, and immediately after school hours, any time on school grounds, and at all school-related events to include before and after school activities. School rules may also be enforced off of school grounds if a student's actions materially and/or substantially disrupt the educational process and relate to school issues.

THE FALCON WAY

The purpose of this handbook is to clearly communicate the academic, behavioral, and social expectations that we have established at Orting Middle School. All of these expectations are based on our core values: **Be Respectful, Be Responsible, and Be Safe.**

It is our goal to offer you and your families the best possible care and service. If there is ever anything that we can do to help you find greater success in the educational process, please do not hesitate to ask. We hope that you have an incredible school year and make the most of what Orting Middle School has to offer.

POLICIES AND PROCEDURES

(In alphabetical order)

ACCIDENTS AND INJURIES:

1. Report any injury immediately to the teacher or person in charge.
2. ***Fill out an accident report with the teacher or other adult designee.***
3. If you have school insurance, make a proper claim. The Washington Interscholastic Activities Association requires all students who participate in inter-school athletics to be covered by insurance.
4. Unless this procedure is followed, protection under insurance plans may not be granted.

ALCOHOL, NARCOTICS & CONTROLLED SUBSTANCES

Orting Middle School is designated as a drug-free zone. Students who participate in the sale or distribution of alcohol, narcotics, and/or controlled substances, including look-a-like narcotic and controlled substances, including nitrite odorants, which are used for sniffing, will be subject to discipline up to and including long-term suspension/emergency expulsion.

The possession, use, and/or being under the influence of alcohol, narcotics and/or controlled substances, including look-alike narcotic and controlled substances, nitrite odorants which are used for sniffing, electronic or vapor cigarettes, or paraphernalia leading to the use of drugs/controlled substances will result in discipline up to and including a long-term suspension. This includes, but is not limited to, electronic devices (E-cigs), vapor delivery devices (vape-pens), and/or any vapor or delivery device or substance (i.e. vape-juice) that directly or indirectly delivers narcotics or related materials for consumption are considered contraband. Following a drug/alcohol offense, students will have an opportunity to complete a drug/alcohol assessment. Length of exclusion may be reduced if student, with family consent, agrees to work with OMS Prevention/Interventionist.

ANNOUNCEMENTS

Students are responsible for all information provided in the daily announcements. The school announcements are read each morning. If you wish to have announcements made regarding school activities, you must type your announcement and have the announcement initialed by the teacher or advisor and an administrator. Please submit approved announcements to staff in the main office.

ATTENDANCE POLICIES AND PROCEDURES

Attendance is a critical building block for student learning. If students are not present, they cannot engage in learning. Attendance is a leading indicator of equity that signals when students might need additional support and areas for system and school improvement. The statutory purpose for establishing attendance and absence definitions is to ensure student safety, reduce chronic absenteeism and provide educators with meaningful data in order to develop appropriate interventions to support families. Our goal is to ensure ongoing learning, and to that end, we commit to attendance practices that are not punitive in nature.

Excused Absence

An excused absence is when a student is away from school at the discretion of the guardian, acknowledged by a phone call or a note from the guardian and received by the school within one week (five school days) of the absence.

Make up work: Teachers will give students the opportunity to complete and receive full credit for all assigned work missed during an excused or exempted absence. Students and staff will assume shared responsibility for obtaining and completing the missed class work, within the timeline established by the teacher. Credit for participation based learning experiences, or an alternative task selected by the teacher, will be allowed for school exempted absences

Unexcused Absence

An unexcused absence is an absence that has not been cleared by the parent and student within one week (five school days) of the absence. Administrative action may require converting these absences to trancies.

Excessive unexcused absences could result in a BECCA petition.

Make-up Work: Teachers will give students the opportunity to complete and receive full credit for all assigned work missed during an unexcused absence. Students and staff will assume shared responsibility for obtaining and completing the missed class work, within the timeline established by the teacher. Credit for participation based learning experiences, or an alternative task selected by the teacher, will be allowed for school exempted absences.

Exempted Absence

An exempted absence is a student absence from school for one of the following reasons:

- Administrative action – includes disciplinary action and students with other office personnel, including nursing or counseling center staff.
- Bereavement (written note from parent required)
- Legally required appearances – court related absence, jury duty (court documentation required)
- Medically related – illness, health condition, medical/dental appointments, mental health appointments, hospitalization, other medical related treatment prescribed by a physician. Absence must be clearly documented by the medical professional that indicates the specific time and date of office visit(s) or that verifies full day absences were medically necessary.
- Religious purposes – observance of religious holidays (written note from parent required)
- School related absences - field trips, activities, and or athletics

ATTENDANCE POLICIES AND PROCEDURES (Continued)

The Orting Middle School faculty, administration, and community believe that regular and punctual attendance at school is vitally important for students to achieve maximum benefit from the school program and to be prepared for the real-life requirements in the world of work. Student mastery of course content and achievement of academic objectives through participation in class activities and student/teacher interaction are of extreme importance.

In recognition of the responsibility of guardians and the legal obligation established by the Compulsory School Attendance Law for ensuring the school attendance of children under their care, Orting Middle School has established regulations and procedures for controlling absenteeism, truancy, and tardiness of students. These procedures include informing and involving parents in the resolution of such problems.

Attendance Matters! – The Benefits of Regular Attendance

Orting School District is making a special effort to ensure that all students fully benefit from their education by attending school regularly. Attending school regularly helps children feel better about school—and themselves. Your child can start building this habit in preschool so they learn right away that going to school on time, every day is important. Consistent attendance will help children do well in high school, college, and at work.

DID YOU KNOW?

- Starting in kindergarten, excessive absences (excused and unexcused) can cause children to fall behind in school.
- Missing 10 percent (or about 18 days) increases the chance that your student will not read or master math at the same level as their peers.
- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences can affect the whole classroom if the teacher has to slow down learning to help children catch up.
- By 6th grade, absenteeism is one of three signs that a student may drop out of high school.
- By being present at school, your child learns valuable social skills and has the opportunity to develop meaningful relationships with other students and school staff.
- Absences can be a sign that a student is losing interest in school, struggling with school work, dealing with a bully or facing some other potentially serious difficulty.
- By 9th grade, regular and high attendance is a better predictor of graduation rates than 8th grade test scores.

WHAT WE NEED FROM OMS FAMILIES

We miss your child when they are gone and we value their contributions to our school. We would like you to help ensure that your student attends regularly and is successful in school. If your child is going to be absent, please contact our attendance lines.

SCHOOL POLICIES AND STATE LAWS

It is important that you understand our school policies and procedures, as well as Washington State Law, to ensure your child is successful in school. State law for mandatory attendance, called the Becca Bill, requires children from age 8 to 17 to attend a public school, private school, or a district-approved home school program. Children that are 6- or 7-years-old are not required to be enrolled in school. However, if parents enroll their 6- or 7-year-old, the student must attend full-time. Youth who are 16 or older may be excused from attending public school if they meet certain requirements. <http://apps.leg.wa.gov/rcw/default.aspx?cite=28A.225>

We, the school, are required to take daily attendance and notify you when your student has an unexcused absence. If your child has three unexcused absences in one month, state law (RCW 28A.225.020) requires we schedule a conference with you and your student to identify the barriers and supports available to ensure regular attendance. The district is obligated to develop a plan that may require an assessment to determine how to best meet the needs of your student and reduce absenteeism.

A conference is not required if your child has provided a doctor's note, or pre-arranged the absence in writing, and the guardian, student and school have made a plan so your child does not fall behind academically. If your student has an Individualized Education Plan or a 504 Plan the team that created the plan needs to reconvene.

If your child has three unexcused absences, an attendance conference will be held to determine corrective measures. If the student has seven unexcused absences in a month, or ten unexcused absences within the school year, we are required to file a petition with the Juvenile Court, alleging a violation of RCW 28A.225.010, the mandatory attendance laws. The petition may be automatically 'stayed' and your child and family may be referred to a Community Truancy Board, or you and your student may need to appear in Juvenile Court. If your student continues to be truant, a court appearance is the most likely outcome.

WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Prepare for school the night before, finishing homework and getting a good night's sleep.
- Find out what day school starts and make sure your child has the required immunizations.
- Don't let your child stay home unless they are truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- Avoid appointments and extended trips when school is in session.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another adult.
- Keep track of your child's attendance. Missing more than nine days could put your student at risk of falling behind.
- Talk to your child about the importance of attendance.
- Talk to your child's teachers if you notice sudden changes in behavior. These could be tied to something going on at school.
- Encourage participation in afterschool activities, including sports and clubs.

Early Dismissal Procedure

Any time a student is at school and leaves before the end of their regularly scheduled school day, it is an early dismissal. **Students must check out of school through the office prior to leaving or they may be considered truant.** The office will verify that they have proper guardian permission. Students with an approved early dismissal must leave campus at the dismissal time. For early dismissal, the attendance secretary will give the student a slip to dismiss the student from class. Notes for early dismissals for appointments must be presented to the office on or before the day the student plans to leave early.

Excessive Absences

Students are allowed up to 10 excused absences per school year. If these 10 absences are exceeded, a medical provider's note or a visit to our school registered nurse may be required in order to verify the need to grant an excused absence.

Pass or Permission Slips

No student may be out of class without a pass or permission slip. A student may not be excused from any class to work on an activity without prior authorization from the advisor and the instructor of the class(es) that the student will be missing.

Student Release During Emergencies

When the school is operating under emergency conditions such as during/after an earthquake, fire evacuation, and other incidents that disrupt the normal school routine for the entire school, it is necessary to implement emergency procedures for the release of students. Students are not to use cell phones during such emergencies. Under these circumstances: **1) All students must check out through the Office/Designated Area prior to leaving. This includes students who are normally released early as well as students with already approved early dismissal notes.** **2) We will not release students by phone.** A parent or a pre-designated emergency contact person must come to the office/designated area and sign the student out of school.

Tardy Policy

A student is tardy to class when he/she arrives to class after the scheduled start time. If a student is more than ten minutes late to a class it is considered an absence rather than a tardy. Students who arrive at school more than ten minutes late must check in at the office before going to class. Tardy-related discipline may apply.

CHEATING/PLAGIARISM

Students are expected to do their own work. Students who cheat or plagiarize are required complete the assignment and will be disciplined in the following manner:

- 1st offense: '0' or 'F' on the assignment or test, until parent and student meeting with teacher and formulate a plan to redo or complete an alternate assignment.
- 2nd offense: Student will receive a '0' or an 'F' on the assignment or test and will receive discipline according to the discipline matrix.
- 3rd+ offense: Student will receive a '0' or an 'F' on the assignment or test and will receive discipline according to the discipline matrix.

CLASSROOM DISRUPTION

Students that attend Orting Middle School are expected to use their class time productively and put forth their best effort to engage in learning. Academic and personal growth requires effort and cooperation at all levels. If a teacher determines that a student is not using their class time productively, or exhibits conduct that infringes on the learning rights of other students, disciplinary measures may be imposed. Academic and behavioral expectations include but are not limited to:

- Attend all classes, arrive on time, and stay until dismissed
- Positively participate in all classroom activities and assignments
- Work to the best of your ability. Ask for assistance, as needed
- Follow directions and requests from all staff that are reasonable, moral, and legal
- Promoting positive self-esteem of self and others
- Observe all safety instructions and regulations

Disruptive behavior that is not categorized as a severe offense will be considered a minor offense according to our discipline matrix. Accumulated offenses will be dealt with progressively according to the discipline matrix.

CLOSED CAMPUS

Orting Middle School is a closed campus. **Once students arrive at school, they are to remain on campus until properly checked out.** All visitors must sign in at the main office and non-OMS students are not allowed on campus.

For the safety of our students, we ask for identification from every person who comes to pick up or visit with a student. Only parents, guardians, and emergency contacts listed will be approved to do so. There are no exceptions to this policy and we ask that you have your identification ready.

COMMERCIALISM/SIGNS

The commercial exploitation of students at OMS is not permitted. All posters, flyers, and advertisements must be approved by an administrator.

COUNSELING SERVICES

Counseling services are available for every student in the school. These include assistance with educational planning, interpretation of test scores, occupational information, career information, study help, help with home school and/or social concerns, or any question the student may feel she/he would like to discuss with a guidance counselor.

Orting Middle School Counselors:

Students With Last Names Beginning With Letters **A-K: Mrs. April Reynolds**

Students With Last Names Beginning With Letter **L-Z: Mrs. Robin Joy**

Schedule Changes

Students are expected to choose classes carefully and remain in those classes for the entire length of the term. Schedule changes will only be allowed for: 1) students with an incomplete schedule; 2) a student who does not meet the prerequisites for the class; or 3) errors made during data input. Students desiring a schedule change must write a formal letter stating what circumstances warrant a schedule change. It must be signed by the student's guardian and the student. Return the letter to your counselor to be reviewed by a collaborative team before any change in schedule is approved.

CYBERBULLYING

Students engaging in harassment in any electronic form (i.e., any social media platform or other online postings, texting, "sexting," or the transmission of photos), *that disrupts the educational process* will be subject to discipline up to and including suspension. Electronic harassment that invades the privacy or endangers the safety of another student while at school will be subject to discipline in accordance with the severity of the act. Any form of cyber harassment, intimidation, or bullying that disrupts the educational process may be subject to disciplinary action, even if it occurs off campus.

DANCES

Dances are held for the enjoyment and participation of OMS students. Only OMS students may attend. *Students must present at the door a student I.D./ASB card* in order to be admitted to the dance. Re-entry of students is not permitted.

DESTRUCTION/VANDALISM

The destruction or vandalism of school property, or staff or student personal property, on campus or at a school-related activity is prohibited. A plan for full restitution may be required. Students are liable for unintentional damage caused through careless or reckless behavior. In the case of suspension, police may be notified. Discipline will follow the behavior matrix guidelines.

DETENTION

Detention is a school discipline action assigned for infractions of school rules. It is served on school days, either during lunch or after school hours. Failure to work as directed, comply with detention rules or engaging in disruptive behavior may result in the student being removed from detention and assigned In-School Suspension for the following school day. Further discipline may be assigned as appropriate. Electronic devices are not permitted to be used during detention. Each student **must** put away **all** electronic devices (cell phones, iPod, iPad, etc.) during the service of an assigned detention. Failure/refusal to comply may result in conversion of the detention time to In-School Suspension.

DISPLAYS OF AFFECTION

The school building, school grounds, or school activities are inappropriate places for public displays of affection (i.e. making out and groping). Students are expected to exercise self-control, proper judgment, and respect for their reputation and the comfort of others. Students who fail to conduct themselves appropriately are subject to the behavior matrix guidelines.

Excessive displays of affection, including but not limited to inappropriate touching, passionate kissing, or any sexual act present safety, health, and educational environment issues for the individuals involved. This conduct also interferes with the learning environment of other students. As such, excessive displays of affection will be subject to discipline up to and including suspension.

DRESS CODE

Student dress codes should support equitable educational access and should not reinforce gender stereotypes (e.g., cleavage should not have coverage requirements). Student dress codes and administrative enforcement should not reinforce or increase marginalization or oppression of any group based on race, gender, ethnicity, religion, sexual orientation, household income, gender identity or cultural observance.

I. OUR SHARED VALUES

- All students should be able to dress comfortably for school without fear of unnecessary discipline or body shaming.
- **All students and staff should understand that they are responsible for managing their own personal "distractions" without regulating individual students' clothing/self-expression.**
- Teachers can focus on teaching without the additional and often uncomfortable burden of dress code enforcement.
- Students should not face unnecessary barriers to school attendance.
- Reasons for conflict and inconsistent discipline should be minimized whenever possible.

II. GOALS OF STUDENT DRESS CODE

- A. Maintain a safe learning environment on campus where protective or supportive clothing is needed, such as Science and CTE STEM classes (eye or body protection) or PE (athletic attire/shoes).
- B. Allow students to wear clothing of their choice that is comfortable.
- C. Allow students to wear clothing that expresses their self-identified gender.
- D. Allow students to wear religious attire without fear of discipline or discrimination.
- E. Prevent students from wearing clothing with offensive images or language, including weapons, profanity, hate speech, and pornography.
- F. Prevent students from wearing clothing with images or language depicting or advocating violence or the use of alcohol or drugs.

- G. Ensure that all students are treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style.

III. DRESS CODE POLICY

The primary responsibility for a student's attire resides with the student and guardians. The school district and individual schools are responsible for seeing that student attire does not interfere with the health or safety of any student, and that student attire does not contribute to a hostile or intimidating atmosphere for any student.

Students should be given the most choice possible in how they dress for school. Any restrictions must be deemed necessary to support the overall educational goals of the school and must be explained within the dress code.

1. **Basic Principle: Certain body parts must be covered for *all* students**

Clothes must be worn in a way such that genitals, buttocks, and nipples are covered with opaque material. **All items listed in the “must wear” categories below must comply with this basic principle.**

2. **Students MUST Wear:**

- Shirt
- Bottom: pants/sweatpants/shorts/skirt/dress/leggings
- Shoes; activity-specific shoes requirements are permitted (for example: sports)

3. **Students CANNOT Wear: .**

- Violent language or images
- Images or language depicting drugs, alcohol, and/or gang-related (or any illegal item or activity)
- Hate speech, profanity, pornography
- Images or language that creates a hostile or intimidating environment based on any protected class
- Visible underwear
- Bathing suits
- Masks or headgear that obscures the face (except as a religious observance)

IV. DRESS CODE ENFORCEMENT

A school dress code is only as effective and fair as its enforcement.

- Violations should be treated as minor on the continuum of school rule violations.
- Enforcement should be consistent with a school's overall discipline plan. Failure to comply with the student dress code should be enforced consistently with comparable behavior and conduct violations, including access to a student advocate or ombudsperson and appeals process.
- Students should never be removed from a classroom / lose class time solely because of a dress code violation. Students should never be forced to wear extra school clothing (that isn't their own) when they are in violation of the code. They can be asked to put on their own onsite clothing, if available, to meet the dress code.
- Students' parents should never be called during the school day to bring alternative clothing for the student to wear for the remainder of the day.
- No student should be disproportionately affected by dress code enforcement because of gender, race, body size, or body maturity.

- The dress code should be clearly conveyed to students, not just in the student handbook which rarely gets read, but in other ways, too, such as posters, newsletters, etc.
- Students should not be shamed or required to display their body in front of others (students, parents, or staff) in school. “Shaming” includes but is not limited to kneeling or bending over to check attire fit, measuring straps or skirt length, asking students to account for their attire in the classroom, and directing students to correct a dress code violation during instructional time.

ELECTRONIC DEVICES

Unauthorized use of electronic devices present potential disruptions to the educational process. **Unless given express teacher permission**, cell phones, mp3 players, iPods, cameras and other electronic devices may not be used and **should be turned off during class time**.

OMS staff desires to focus on learning and will make every effort to treat cell phone violations as only a minor infraction. We ask that students follow these guidelines below, intentionally designed to be as fair as possible:

Cell Phone Violation Corrective Action Steps	
1st step	Staff member, typically the classroom teacher, will clearly state the expected behavior
2nd step	Staff member, typically the classroom teacher, will give a private redirection to any student not meeting the electronics expectations
3rd step	Staff member, typically the classroom teacher, will direct the student to turn the phone in to the teacher for the remainder of the period
Added option	Students who do not want to turn their phone in to the teacher can turn it into the office or trusted adult on campus
Consequence	Students who refuse to hand over their phone will serve After School Detention, typically on Fridays

NOTE: With the exception of sporting events or official school activities, taking pictures of or filming students or adults on campus without their consent is prohibited and may be grounds for discipline up to and including suspension or expulsion. At no time is a student permitted to record any activity, event, teacher, student, or classroom without prior approval from the instructor.

Any confiscated electronic device may be subject to search by school authorities.

EXTRA-CURRICULAR ACTIVITIES

Orting Middle School has a variety of extra-curricular activities and athletic teams for students and new clubs and sports can be formed based on student interest. Information on extra-curricular activities and athletic teams can be obtained in the main office.

FALSE ALLEGATIONS

It is a violation of school policy to knowingly report false allegations. Persons found to knowingly report false allegations will be disciplined as a severe offense in accordance to the discipline matrix.

FIGHTING

Fighting, fight instigation, fight escalation, promotion and support, threats of violence, and/or the encouragement of fights are prohibited on or near campus premises or at school-related activities and will result in immediate disciplinary action. Fighting is considered a severe offense and will be subject to discipline up to and including suspension.

Fight instigation, promotion, support, threats, intimidation and/or encouragement to include supporting situations that result in intimidation or a physical confrontation between other persons are prohibited and will result in appropriate disciplinary action up to and including suspension.

- **ASSAULT**

A physical altercation may be deemed as an assault when one or more of the following factors are determined to have been present: unprovoked attack, unannounced attack, significant physical size/strength difference, serious injury, use of any object as a weapon. If an incident is deemed to be an assault, student will likely be placed on Emergency Expulsion, with possible additional steps of being referred for a District Threat Assessment, and a report submitted to the School Resource Officer.

FOOD

Food and drink is only allowed in a classroom with expressed teacher permission and only with the understanding that it is a privilege that can be denied to students who do not pick up after themselves. As a general rule, consumption of all food and drink is limited to the Commons, and is not allowed in the hallways. Any student who requires regular access to food must have a health care plan on file with the school nurse.

FORGERIES

Forged notes and/or signatures to falsely represent guardian(s) consent will result in school discipline according to the behavior matrix.

HALL PASSES

A student who needs to leave a class for any reason must carry the classroom hall pass or a permission slip from the staff member.

IDENTIFICATION

Students must identify themselves with their legal name and are required to show identification upon any request from any and all school district personnel.

INTERFERENCE WITH AND/OR INTIMIDATION OF SCHOOL AUTHORITIES:

Students shall obey lawful instruction of school district personnel. This includes aides, custodians, secretaries, student teachers, and anyone hired by the district. It is a criminal act to insult or abuse a teacher. Any student, singly or in concert with others, should not intimidate by threat of force or violence any administrator, teacher, classified employee, or student of any common school, or other person legitimately on school grounds, who is in the peaceful discharge or conduct of his or her duties or studies (RCW 28.A.635).

HARASSMENT/INTIMIDATION/BULLYING

The school is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and patrons, which is free from harassment, intimidation, or bullying. Orting Middle School is committed to promoting positive character traits and values, including the importance of civil and respectful speech and conduct, and it is the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, and bullying. "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act including but not limited to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability, or other distinguishing characteristics, when an act:

- Physically harms a student or damages the student's property;
- Has the effect of substantially interfering with a student's education;
- Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- Has the effect of substantially disrupting the orderly operation of the school.

Harassment, intimidation, or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendos, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

Any student who believes that he or she has been subjected to harassment, intimidation, or bullying in the educational environment is strongly encouraged to bring his or her complaint to the immediate attention of a teacher, counselor, or school administrator. Engaging in harassment, intimidation, or bullying will result in appropriate disciplinary action up to and including suspension.

ILLNESS AT SCHOOL

If a student becomes ill at school, he/she must get permission from the teacher in the form of a pass to report to the nurse's office. The office personnel will determine whether the student should be sent home, return to class, or remain in the nurse's office. Failure to report to the nurse's office and sign-in will result in a truancy. The student will be provided with an admit slip for those classes missed.

IN-SCHOOL SUSPENSION

In-School Suspension (ISS) is an alternative to Out-of-School Suspension and is a privilege. ISS temporarily removes a student from the regular classroom environment but permits the student to maintain his/her educational progress at school. Failure to work as directed, refusing to put away/not use electronic devices and comply with ISS rules, or disruptive behavior may result in the student being removed from ISS and serving the rest of his/her assigned ISS time **out-of-school**. Further discipline may be assigned as appropriate. ISS rules are posted in the ISS rooms and each student must acknowledge that he/she has read and understands the rules by their signature. Students in ISS must not use **any** personal electronic devices (cell phones, iPod, iPad, etc.) at any time -- use of a school device to do school assigned tasks would be the only exception. Should a student use an electronic device in ISS, s/he may forfeit their place and be immediately sent home, which would result in conversion of the ISS time to Out-of-School Suspension.

INSUBORDINATION

Direct refusal to follow the reasonable requests or directions of a staff member substantially disrupts the safe, orderly operation of the learning environment and is a disruption to the educational process. Violation of this rule applies to the entire school year and will be disciplined as a severe offense in accordance with the discipline matrix guidelines.

JURISDICTION

All Orting Middle School rules and regulations will be enforced for infractions that occur on school buses, at bus stops, on or in the immediate vicinity of school district property, at all school activities, and for off-campus misconduct that is closely connected or disruptive to the educational process. When determining whether or not the school has jurisdiction, the following will be considered: day, time, location, persons affected, severity of the misconduct, connection to school and the extent to which the safety of the school or school environment was affected or impacted.

LOCKERS

A student may be assigned a locker for the storage of books and equipment. It is the student's responsibility to see that his/her locker is kept locked and in order at all times. Since lockers are a permanent part of the building, students are expected to keep them in good, usable condition. Students are not permitted to switch lockers.

Because lockers and desks are school property, the school has the right to search these areas at any time as it is the school district's duty to protect its students and ensure that school property is lawfully used. Students are reminded that valuable items should not be stored in lockers. The school does not assume any responsibility for items left in lockers or for personal locks that must be cut off during an investigation. Lockers are issued as a convenience to students but are not intended to provide storage for valuables.

School issued combination locks are preferred, but not mandatory. If using a personal lock, students are asked to share the combination with the assigning teacher.

LOITERING

Students are expected to leave the school campus no later than thirty minutes after the official close of the school day unless permission to do otherwise has been granted.

LYING/WILLFULLY MISLEADING SCHOOL DISTRICT PERSONNEL

Willfully misleading (lying to) school district personnel in the execution of their duties of investigating student misconduct and/or incidents involving the school is considered a severe offense. Consequences will be imposed under the discipline matrix in accordance with the severity of the impact on the school.

MEDICINE AT SCHOOL

All medications, including over the counter remedies (aspirin, Tylenol, cough medicine, cold remedies, etc.) must be checked in at the nurse's office by a parent or guardian. A district medication form completed by both parent/guardian and a physician must accompany the medication. Under normal circumstances, students should be given medication before or after school. A violation of this policy will result in school discipline according to the behavior matrix. Any medication given or sold by students will result in disciplinary action.

NO-CONTACT CONTRACT

As a preventative administrative measure, OMS staff may ask or require students in conflict to agree to a no-contact contract. A violation of the no-contact contract may be disciplined as a major offense, depending on the severity of the violation.

NON-DISCRIMINATION

The Orting School District complies with all federal rules and regulations and does not discriminate on the basis of race, color, national origin, gender, age, or disability. This holds true for all district employment and

opportunities. Inquiries regarding compliance and/or grievance procedures may be directed to Orting School District's Title IX/Chapter 28A.640 RCW Officer and Director of Student Support Services, Section 504/ADA Coordinator.

Off Campus Violations/Unauthorized Destination

If a student is at school and leaves without checking out at the office, it is considered an off-campus violation (if during the school day but not during instructional time). If a student skips a class, the student will be subject to disciplinary action for 'unauthorized destination.'

Violation # 1 Up to 1 Hour Detention. Parent Contact

Violation # 2 Up to 2 Hours Detention. Parent Contact.

Violation # 3+ Up to 3 Days Suspension. Parent contact and parent conference.

Make-up work: Teachers will give students the opportunity to complete all assigned work missed during unauthorized destination/off campus violations.

OFF-LIMITS AREAS

For student safety and supervision, student congregation is permitted only in designated areas. Students must not congregate in any area that is not directly being supervised by a staff member. The parking lot is off-limits to all students during school hours, except with administrative written permission or staff escort.

Deliveries must be brought to the office for distribution to students, including flowers and balloons, lunches, and athletic equipment. Flowers and balloons will NOT be delivered to the classroom.

During lunchtimes, the main building hallways are off-limits. This is due to class still being in progress in some of the rooms. The library and classrooms may be visited during lunches with a pass from the receiving teacher. Students may not be permitted in classrooms without supervision. The staff lounge in the main building is off-limits at all times as are all teacher office areas. Other areas designated as off-limits include: the stadium, baseball and softball fields, the area behind OMS and general areas surrounding the elementary school buildings and any other areas that are not being directly supervised by a staff member.

PETS/ANIMALS

Students and visitors are to refrain from bringing animals to school unless prior approval has been obtained. Service animals and the training of service animals must be approved by the OMS administration.

PROFANITY

Students are expected to use appropriate language and gestures at all times. Violations of the profanity policy apply to the entire school year and will result in school discipline according to the severity of the incident.

NOTE: Profanity directed towards any staff member will be considered a severe offense and will result in discipline up to and including suspension. Additional incidences will result in progressive discipline according to the discipline matrix.

PROGRESS REPORTS

Parents may obtain progress reports from teachers by:

- Family Access – online progress report access. Passwords are available for students in the main office from any secretary.
- Requesting your student to contact individual teachers for progress reports.
- Obtaining the progress report form in the counseling office or main office and then the student takes the form to each individual teacher to obtain grade information.
- Calling or emailing individual teachers to request progress reports. Please allow ample time for teachers to prepare progress reports. If you have any further questions regarding the progress report procedure, please contact the counseling office for assistance.

REPORT CARDS AND GRADES

First and third quarter report cards are sent home with students. A first semester report card is mailed home. The final report card is mailed home to students after school is out. If you have questions about these reports or feel that there is an error, please contact your counselor. Semester grades become a matter of permanent record and are used in computing cumulative Grade Point Averages (GPA).

GPA and grades are based on this scale:

A	=	93-100%	=	4.00	C	=	73-76.99%	=	2.00
A-	=	90-92.99%	=	3.70	C-	=	70-72.99%	=	1.70
B+	=	87-89.99%	=	3.30	D+	=	67-69.99%	=	1.30
B	=	83-86.99%	=	3.00	D	=	60-66.99%	=	1.00
B-	=	80-82.99%	=	2.70	F	=	0-59.99%	=	0
C+	=	77-79.99%	=	2.30					

RETALIATION

No person shall be retaliated against for making a report, providing testimony, or assisting in the investigation of such a report to a teacher or school administration. Retaliation is considered a severe offense and will be subject to the consequences outlined in the behavior matrix.

SPORTING EVENTS AND ASSEMBLY BEHAVIOR (*Crowd Behavior*)

Student participation as a member of the audience at school assemblies and sporting events is a privilege granted to each student. Students are to promote positive school spirit and school unity at each event by demonstrating respectful and attentive behavior, and by cheering and standing at appropriate times. A violation of this policy will result in school discipline according to the behavior matrix.

NOTE: *Important change this year – OMS students must be accompanied by a parent to attend OHS sporting events, especially stadium events*

STUDENT RIGHTS AND RESPONSIBILITIES

All matters relating to student discipline and/or suspension are governed by the rules and regulations contained in the Student Rights and Responsibilities pamphlet as published by the Orting School District. These handouts are available in the Main Office and the Guidance Center upon request. All students are expected to be familiar with the contents of the pamphlets.

SUSPENSION/EXPULSION

Severe disruptions to the school environment and/or the persistent, willful refusal to follow school/classroom rules may be grounds for suspension from school. The length of discipline will be determined by school authorities and will reflect the offense committed. Parents/guardians will be notified by phone and/or in writing of the action taken and will have complete custody and jurisdiction of their child during that time. Any student who has been suspended or expelled may apply for readmission at any time through a written letter to the building principal. A suspended or expelled student may not loiter or appear on school property or at any school sponsored activity at or away from the school. Violations of this may result in trespassing charges with the police. Types of Suspensions:

Short-Term Suspension: 1-10 school days. A student is permitted to complete schoolwork for credit. He/she will be expected to make up all work and tests missed. It is her/his responsibility to make arrangements with individual teachers to do so.

Long-Term Suspension: 11-90 school days. A student will be permitted to complete schoolwork.

Expulsion: Expulsion is the removal from school for up to one calendar year.

Emergency Expulsion(EE): Some actions require that a student be away from school until a complete investigation can be completed and a final outcome determined. School administration will work as quickly as possible and will communicate with families throughout the process. Students cannot be on any district property while on EE.

TECHNOLOGY

Due to the vast amount of educational information found on the Internet, the Orting School District will be providing your student with the ability to access the district network and the Internet. With this educational opportunity comes responsibility. It is important that both you and your student read the school district procedures and policies related to the Internet access available in the Main Office or on the District website. All students and guardian(s) must sign the Orting School District's Acceptable Use Policy (AUP), which provides district guidelines around use of technology. Failure to adhere to the Acceptable Use Policy may result in student discipline and/or loss of technology privileges.

TELEPHONES & MESSAGES

The office and classroom telephones are business phones and should be used by students only in situations of a critical nature. Parents are asked to refrain from calling students except in cases of a critical nature. Personal messages will not be delivered to students unless they are of a critical nature, and we are not responsible to deliver non-critical messages. If there is an emergency, please call the main office at 360-893-3565. Cell phones and other electronic devices may not be used during class time without express permission from the teacher. A phone is available for student use in the office.

TEN - TEN RULE: Students will not be allowed out of classes the first ten minutes or the last ten minutes of class unless an emergency or a student health plan is on file that requires them to have access to a restroom or other health-related access.

THEFT

The theft of school or personal property on campus or at school related activities is strictly prohibited and will result in discipline up to and including suspension. Restitution may also be required if property is lost or damaged during an act of theft.

TOBACCO

The Orting School District promotes and maintains a tobacco-free environment. Therefore, students are prohibited from using or having tobacco products in their possession at any time on or in the vicinity of school property, on school buses, or at any school-related activities. This applies to items related to the use of tobacco, look-alikes and devices intended to deliver tobacco or tobacco-related substances including, but not limited to, e-pens, vape-pens, cigarettes, and pipes. Violation of the tobacco policy applies to the entire school year, to any school event, and will be enforced using a combination of referrals to the OSD Interventionist and possible school discipline.

TRANSPORTATION RULES

The majority of our students ride the school buses. From a safety standpoint, it is imperative that proper behavior be rigidly adhered to at the bus stops as well as during the ride on the bus. Parents will be notified of infractions or any consequences. Students are expected to be at the bus stop five minutes prior to the bus time; however, students who arrive too early tend to have problems caused by too much unsupervised time. Please work with your student to develop a schedule which will allow them to arrive at the bus stop in time, but not so early as to create a problem at the bus stop.

Students must follow the rules listed below. Failure to do so will result in disciplinary action. The privilege of riding the bus may be revoked for misbehaviors up to a period of time of 90 days. Major violations may also result in disciplinary action at school.

1. The driver is in full charge of the bus and passengers at all times. Insubordination or willful disobedience will not be tolerated.
2. Disruptive conduct is not permitted. Quiet conversation will be permitted to your immediate neighbors only. Aggressive play is not permitted.
3. Eating, drinking, and gum chewing are not permitted. If specifically authorized on supervised field trips, eating may be permitted.
4. Sitting improperly. Students should remain seated and facing forward while on the bus. Students may be given an assigned seat. Walking or standing is not permitted when the bus is moving.
5. Students must give their correct names promptly and willingly when asked by the bus driver. Improper language is not acceptable. Any language that is not appropriate in the classroom is not appropriate on the bus.
6. Tampering with any bus controls or equipment is prohibited.
7. If a bus has seat belts, they must be used.

Riding the bus is a privilege that may be suspended at any time for inappropriate or dangerous behavior. Student misconduct will be sufficient reason for transportation to be discontinued. Students and their parent(s)/guardian(s) will be held financially responsible for any act of vandalism.

VISITORS

OMS is a closed campus and visitors are not permitted without prior permission obtained from an administrator. **Permission will only be granted to those who need to visit for official school business.** After permission has

been granted, a visitor's pass may be obtained in the Main Office. The pass must be displayed at all times and returned to the Main Office at the end of the visit/business.

If a student brings a firearm to school there will be an immediate expulsion for no less than one calendar year, including notification of parents and law enforcement. The expulsion may be modified by the school district on a case-by-case basis. A student who possesses a weapon other than a firearm or carries, exhibits, displays or draws any weapon or any item apparently capable of producing bodily harm in a manner which, under the circumstances, manifests an intent to intimidate another or warrants alarm for safety of others shall be subject to discipline up to and including expulsion.

No student may deliver or share a chemical device with other students. Personal protection spray devices may not be used other than in self-defense as defined by state law.
